

Registered Septic Contractors

In compliance with Decatur County Ordinance 2005-15 Article 6.1 which states “No person shall install an on-site wastewater treatment system for hire that is not registered in Decatur County. A person shall become registered by demonstrating competent knowledge of county and state on-site wastewater treatment system codes through successful completion of a test administered by the Decatur County Environmental Health Division, providing proof of bond for at least Five Thousand Dollars (\$5,000.00), and paying a Twenty-Five Dollar (\$25.00) registration fee. Once registered, the installer shall be given a registration card and put on a list that is available to the public.” This list shall be updated as needed.
